Sources: Data provided by the University of Wisconsin - Madison, Department of Rural Sociology, Applied Population Laboratory. Data was provided by the WISE (Wisconsin Shape Editor) Initiative designed to facilitate 2001 Redistricting. Pavement centerlines and hydrology were originally derived from the April 1995 flight taken from 10,000 feet. Other data sources include the 1:24,000 scale Public Land Survey System. Contact Land Information for other sources of data. Initial voting ward boundaries were created by local municipalities based on the Ad Hoc Redistricting Committee's tentative plan and with assistance, when necessary, from Cathy Lathrop, Columbia County Clerk. Supervisory Districts were created from voting wards by the 2001 Ad Hoc Redistricting Committee and the Columbia County Board of Supervisors. Voting Ward boundaries were adjusted, not changed, by Land Information so that the wards could be displayed using other county GIS data.
